Important Notes on the Booking Engine and Reservation Procedure:

The booking window will be open from 29th March to 31st March 2026. (Duration of 3 nights)

Please note that room reservations will be handled on an inquiry basis, as the booking engine will go live during the hotel cancellation period for Walkers Tours. Therefore, instead of a “**Book Now**” option, the platform will feature an “**Inquire Now**” button. Once a client submits an inquiry, our team will receive a notification and will get in touch with the client to check room availability with the respective hotel and provide suitable room options.

Upon confirmation from the client, payment will be collected either through the Walkers Tours online payment gateway or via bank transfer.

Once the payment is received, the room confirmation will be issued to the client accordingly.
